BILLA ŽAMPA CUP
Specific Event Rules – Germany (Oberstdorf)

This document forms an integral annex to the "General Rules of the BILLA Žampa Cup Race Series". It contains specific sports, technical, and organizational provisions that are binding and valid exclusively for this event. All provisions not explicitly covered in this document are governed by the "General Rules of the BILLA Žampa Cup Race Series".

1. **Location and Course Parameters**
   - 1.1. Location and Resort: The Žampa Cup event in Germany will take place at the Oberstdorf resort.
   - 1.2. Race Slope: The race will take place on the Fellhorn 5 slope.
   - 1.3. Event Date: 14.2.2027
   - 1.4. Discipline Characteristics: The race will be held in the Ski Cross discipline **(Individual Timed Run)**. The Ski Cross course combines specific elements of Giant Slalom and Super-G. The course is set to test the versatility of young skiers and may therefore include various terrain waves, jumps, or other natural or artificial terrain features.
2. **Registration**
   - 2.1. Online Registration Deadline: Online registration for racers closes on 11.2.2027 at 18:00 (local resort time). After this deadline, registration will no longer be possible and the registration system on www.zampacup.com will automatically close. Registration by any other form is not possible.
3. **Ski Passes**
   - 3.1. Eligibility for Discounted Ski Pass: Each properly registered racer is entitled to receive a voucher to purchase a one-day ski pass at a discounted price.
   - 3.2. Validity and Application of Voucher: The entitlement to a discounted ski pass based on the received voucher is valid exclusively for one day, namely the day of the race itself.
4. **Sports and Technical Rules**
   - 4.1. Number of Runs and Competition Format: The competition consists of a single run. Each racer completes one timed run, and the overall ranking in the race is determined by the time achieved in this single run.
   - 4.2. Determination of Starting Order: The starting order in each category is drawn randomly using a computer system. This random draw takes place after the official closure of registration.
   - 4.3. Race Bibs Pickup: Racers, or their coaches or legal guardians (parents), will pick up their race bibs in the morning directly at the start area.

4.4. Requirement to Return Race Bibs: Racers are required to return their race bibs to a designated area after completing their run. All properly returned race bibs will then be entered into a raffle drawing at the end of the event. If a race bib is lost or not returned, the organizer may charge a €20 fee.

4.5. Correct Gate Passing: A racer must complete the entire designated course, correctly pass through all set gates, and correctly pass all obstacles on the course. Correct gate passing requires that both ski tips and both feet of the racer pass through the gate in the designated direction.

4.6. Reruns: In case of serious technical problems (such as timing system failure), unforeseen obstacles on the course, or another extraordinary event beyond the racer's control, the organizer is authorized to award a rerun to the racer.

5. Prize Giving

5.1. Awards in Main Competition: In the main competition, the top three racers in each age category are awarded. The U10 category is divided into two separate evaluations: U8 (youngest birth year) and U10 (two older birth years).

5.2. Separate Evaluation for Hobby Subcategory: Hobby racers are not evaluated separately at this event.

5.3. Additional Competition Disciplines: There are no additional competition disciplines at this event.
